Supplier Name:	HuBDIC Co. Ltd	Contact Name:	Sunny Choi
Address:	301, 53 Jeonpa-ro, Manan-gu, Anyang-si, Gyeonggi-do, Korea (Zip.	Website:	www.hubdic.com
Phone:	+82 31-389-9021	Email:	esales4@hubdic.com

PRODUCT INFORMATION

Product designation	HubiBaby Non-contact IR Thermometer	
Specification		
Product name	FC-IR207	
Contry of origin	China	
Power supply / Battery	DC1.5V x 2 / AAA battery(Can be used for more than 3,000 times)	
Memory	35 memory data	
Measurement range	Body: 32.0°C~42.9°C / Object 0°C~100°C	
Accuracy	Body: ±0.2°C / Object: 1.0°C	
Display resolution	0.1°C	
Measuring distance	0~3cm	
Auto off	12s±1s	
Weight & Dimension	69g(without battery), 157x35x36mm	
Components	Main device, Battery(AAA) User Manual, Pouch	
Certificates	FDA, CE-MDR	

Sales Point

Easy and Safe	Non-Contact Design, Safe and more hygienic to use Quick measurement, less than 1 second Accurate and reliable, Easy Operation, One button design Fever alarm function, displayed in orange and red light
Measurement mode for user	Newborn mode(0-3months) - Green light: 32.0°C - 37.4°C / Red Light: 37.5°C - 42.9°C Baby mode(3-36months) - Green light: 32.0°C - 37.6°C / Orange light: 37.7°C - 38.5°C / Red Light: 38.6°C - 42.9°C Adult mode(Over 36months) - Green light: 32.0°C - 37.7°C / Orange light: 37.8°C - 39.4°C / Red Light: 39.5°C - 42.9°C
Multi-functional	can measure temperature of body, room, milk, water and object
Memory function	35 sets of memories, easy to recall
Switch mode	Switch between mute and un-mute mode / °F and °C
Power saving	Auto shut-down after 12seconds

Features

Usage environment	Temperature : 10°C ~ 40°C Relative Humidity : ≤85% moisture condensation Pressure(hPa) : 70kPa ~ 106kPa
Storgae	Temperature : -20°C ~ 55°C Relative Humidity : ≤95% moisture condensation Pressure(hPa) : 70kPa ~ 106kPa
